Product Overview

Nutramigen Hypoallergenic Infant Formula

Nutramigen infant formula is a hypoallergenic formula clinically shown to manage colic due to cow's milk protein allergy fast, in as early as 24 hours.¹

Our Nutramigen infant formula is designed to provide the nutrition your baby needs for healthy development while helping to provide relief from colic they may be experiencing due to cow's milk allergy.

If your otherwise healthy baby is crying for more than three hours a day, at least three times per week for 3 weeks in a row, it could be colic due to cow's milk allergy.

The only way to know if your baby has colic is to visit your baby's doctor for proper identification.

¹Due to cow's milk allergy.

^{**}Among those who have a preference.

¹In as early as 24 hours and 90% of infants experienced relief within 48 hours when managing colic due to cow's milk allergy. Studied before the addition of [DHA](#), [ARA](#), or [LGG](#).

²Nutramigen® does not use table sugar (sucrose) as a source of carbohydrate.

24h Nutramigen® starts to reduce excessive crying* as early as 24 hours¹

#1 Pediatrician-Recommended Formula Brand for Cow's Milk Allergy**

Hypoallergenic—made with extensively hydrolyzed proteins that are less likely to trigger an allergic response

Lactose-free – suitable for babies with lactose intolerance

Has [DHA](#) and [ARA](#) nutrients found in breast milk that support baby's brain and eye development
