About this item

Product details

Complete Nutrition for Babies 0-12 Months

Compare to the nutrition of Similac Pro-Advance Infant Formula. Crafted to be closer to breast milk, Member's Mark Advantage Premium Infant Formula Milk-Based Powder with Iron provides complete nutrition for babies 0-12 months. HMOs are immune supporting prebiotics commonly found in breast milk, and the dual HMOs in this baby formula, LNnT and 2'-FL, support immune system and digestive health by aiding the growth of beneficial bacteria in baby's digestive tract. DHA, Lutein and Vitamin E are included for brain and eye development. To help promote calcium absorption for strong bones, this formula does not contain palm olein oil.

Certified Kosher

Certified Kosher by the Orthodox Union - OU-D. This infant formula is not manufactured or distributed by the owner of the registered trademark Similac Pro-Advance. Member's Mark Advantage Premium Infant Formula does not contain the identical proprietary ingredient blend of prebiotics, patented levels of nucleotides, lutein and lycopene in Similac Pro-Advance.

*HMOs: Human Milk Oligosaccharide; not from human milk.

**Non-GMO, ingredients not genetically engineered. No significant difference has been shown between milk derived from rbST-treated and non-rbST-treated cows.

Specifications

- Product Description: Advantage Premium infant formula milk-based powder with iron, available in 48 oz tub or 34 oz cannister
- Form: Infant formula milk-based powder
- Baby Food Stage: 0-12 months
- Allergen Information: Contains milk and soy
- Container Type: Canister
- Package Dimensions: Canister 7.5" (H) x 5.2" (D)

Safe Handling/Storage Instructions: Prepared formula, that has not been used for feeding, should be stored within 2 hours of preparation in the refrigerator at 35-40°F (2-4°C); use within 24 hours. Warm infant formula to room temperature and shake well before feeding. Store container (opened or unopened) in a dry area at room temperature. Reclose the opened container tightly with plastic cap; use contents within 1 month. DO NOT FREEZE. Avoid any extreme temperatures. USE BY DATE ON BOTTOM OF CONTAINER. WARNING: do not use microwave to prepare or warm formula. Serious burns may occur.

Use Instructions: DIRECTIONS FOR PREPARATION AND USE: Your baby's health depends on carefully following these preparation, use and storage instructions. Failure to follow these instructions could result in severe harm. Powdered infant formulas are NOT sterile and should NOT be fed to premature infants or infants who might have immune problems unless directed and supervised by your baby's doctor. Ask your baby's doctor about the need to boil or sterilize water for formula and the proper preparation of bottle and feeding utensils. 1. Clean container top before opening. Wash hands, bottle and feeding utensils in hot soapy water prior to preparing formula. 2. Pour desired amount of warm water (approx. 100°F/40°C) into clean bottle. (See Feeding Chart). 3. Add powder to water. 4. Cap bottle and shake well until powder is dissolved. Feed immediately. Discard any remaining formula in bottle after 1 hour from start of feeding.

Ingredient List: Nonfat Milk, Lactose, High Oleic (Safflower or Sunflower) Oil, Soy Oil, Whey Protein Concentrate, Coconut Oil, Less Than 1%: Schizochytrium Sp Oil**, Mortierella Alpina Oil*, 2'-Fucosyllactose (2'-FL)◊, Lacto-N-Neotetraose (LNnT)◊, Beta-Carotene, Lutein, Potassium Bicarbonate, Calcium Carbonate, Ascorbic Acid, Soy Lecithin, Monoglycerides, Calcium Chloride, Calcium Hydroxide, Magnesium Chloride, Ferrous Sulfate, Choline Bitartrate, Ascorbyl Palmitate, Sodium Citrate, Taurine, Inositol, Zinc Sulfate, Mixed Tocopherol Concentrate, Vitamin E (dl-Alpha Tocopheryl Acetate), Niacinamide, Calcium Pantothenate, L-Carnitine, Vitamin A Palmitate, Cupric Sulfate, Thiamine Hydrochloride, Riboflavin, Pyridoxine Hydrochloride, Folic Acid, Manganese Sulfate, Vitamin K1 (Phytonadione), Biotin, Sodium Selenite, Vitamin D3, Cyanocobalamin, Potassium Phosphate, Potassium Iodide, Potassium Hydroxide, Nucleotides (Adenosine-5'-Monophosphate, Cytidine-5'-Monophosphate, Disodium Guanosine-5'-Monophosphate, Disodium Uridine-5'-Monophosphate). Contains Milk and Soy. ◊ Sources of Prebiotic *A Source of Arachidonic Acid (ARA) **A Source of Docosahexaenoic Acid (DHA).

Great formula for great value.

Our 7 month old has been using this formula for the last 4 months. We have not had any issues with it. Works perfect for us.

Great formula

We love this formula. I prefer this over the bigger plastic container. No issues at all. 3rd baby using this.

Feb 20, 2026 — anonymous — ★☆☆☆☆

different than the 48 oz container

this has a different smell and texture than the 48 oz container of the same name. seems to upset my daughters stomach after we switched from the 48 oz container.
