Reviews summary

(4.4)

Neutral

- Price point: Offers competitive pricing, but can be pricey for some users.

Cons

- Unpleasant flavor: Formula's taste may not appeal to some babies.
- Strong medicinal smell: Has an overpowering scent that may be off-putting.

About this item

Product details

Neocate Infant is specially formulated for the dietary management of infants with cow milk allergy (CMA), multiple food allergies (MFA), and related conditions. This formula is hypoallergenic, based on 100% non-allergenic free amino acids, and nutritionally complete for infants 0–12 months (supports normal growth and development).

Neocate Infant Formula has added nucleotides and DHA/ARA. It is dairy free, made in a dairy protein-free facility, and soy oil free. There are no artificial colors, flavors, or sweeteners. It is halal and kosher pareve. Neocate Infant is a specially formulated medical food and should only be used under medical supervision. It's important to always consult a healthcare professional before making any changes to your baby's diet.

Neocate is supported by the Neocate Footsteps program that provides support, answers and inspiration at every step of your journey.

Neocate is the broadest line of hypoallergenic products to safely nourish your child from birth (infancy) through school age (teen years). Designed to support the growth and nutritional needs throughout each stage of the journey. Shelf stable

Best on the market

So happy we discovered this formula! Our son has terrible eczema, the itching keeps him up . Doctors have him on steroid crème and similac alimentum, and nothing worked. Once we switched to this formula we saw a change instantly!!! So greatful this exist ! And my baby likes it better and it smells way better than similac

It's a little expensive for such a small quantity of it. It also tastes HORRIBLE, and yes I do try my baby's formula so I know, but my son still drinks it without issue I'd just be careful if your baby has a particular appetite. Very metallic taste but obviously because it needs to accommodate for the lack of milk. I will say my baby had...

Great for Dairy %26 Soy allergies

The only formula 100% soy and dairy free. Perfect for babies with CMPA that are also soy sensitive. This formula completely changed things for my son after 10 failed formula trials. Neocate is truly a game changer. The taste can be a difficult transition but it's well worth it.
